WATER DAMAGE

JG Construction & Restoration, Inc. offers complete water and mold damage repairs in the Saline, MI area.

Whether the damage is from a leaky pipe, fire sprinkler system, roof leak or sewage overflow, JG Construction & Restoration is there to help you. The first priority, after the leaking is stopped, is to remove the water immediately.

WHAT PEOPLE SAY

Aurerum odes necessitatibus saepe eveniet utolu.ptates estu repudiandae sint et molestiae non recusandaeltaque earum rerum hic tene tura sapiente delectusut aut oloribus asperiores repellattotam rem aperiam.

Etla que ipsa quae abp. Praesent vestibulum molestie lacus. Aenean nonummy hendrerit mauris. Phasellus porta. Fusce suscipit varius. Cum sociis natoque.

Nulla dui fusce feugiat malesuada odio. Mor bi nunc odio gravida at cursus nec, luctusa, lorem. Maecenas tristique orci ac sem.

OUR SOLUTIONS

- Neque porro quisquam est quipoli
 - Quisque nullaest ilum liero;
 - Porta vel, scelerisque eget mal;
 - Vivamus eget nibh cursus leo;
- Donec porta diam eu massa quisque
- Vestibulum iaculis lacinia est

- Lorem ipsum dolor sit amet
- Aliquam congue fermentum nisl uris
- Sed lacus ut enim adipiscing aliquet.
- Nulla venenatis. In pede mi, aliquet

JG Construction & Restoration can extract the excess water, remove the debris and dry-out the structure quickly. Time is of the essence as mold can start growing within 24 hours. This not only puts your family or employees health at risk, it also increases the damage and remediation expenses.

Water Damage:

Immediate Damage:

Furniture begins to stain carpet-|Wooden furniture swell and split-|Bacterial odor emerges

Damage Within Days:

Mold develops-|Structure may weaken-|Computers, phones, and other electronics malfunction

Damage Within Weeks:

Contents and structural restoration may not be possible

JG Construction & Restoration has successfully mitigated countless water-related losses with the insight and expertise to prevent future mold infestations. Our teams take an organized, phased approach to mitigate water damage, beginning with a thorough assessment, map of the mitigation plan, pack-out of all contents, extraction of standing water, and dehumidification.

JG Construction & Restoration handles the drying process so thoroughly that the possibility for mold infestation, a problem that would ultimately cost the insured much more, is greatly reduced.
